

Technical drawing of a mechanical component, likely a pump or motor, showing front and side views with dimensions.

Front View Dimensions:

- Overall width: 117
- Distance from left edge to centerline: 63
- Distance from centerline to right edge: 90
- Top flange width: 115
- Top flange thickness: 150
- Distance from left edge to centerline of top flange: 105

Side View Dimensions:

- Overall height: 360
- Distance from bottom edge to centerline of top flange: 80
- Distance from centerline of top flange to centerline of main body: 75
- Distance from centerline of main body to right edge: 5
- Inner diameter of main body: $\varnothing 72$
- Distance from bottom edge to centerline of main body: 200
- Outer diameter of main body: $\varnothing 254$
- Outer diameter of top flange: $\varnothing 300$
- Thread specification: M16

Technical drawing of a mechanical assembly, showing two views: a side view (top) and a front view (bottom).

Side View Dimensions:

- Total length: 895
- Distance from left end to center of front flange: 385
- Distance from center of front flange to center of rear flange: 220
- Distance from center of rear flange to right end: 94
- Outer diameter of main body: $\varnothing 153$
- Inner diameter of main body: $\varnothing 315$
- Outer diameter of rear flange: $\varnothing 400$
- Thickness of rear flange: 25
- SA 14.1 (two locations)
- SA 14.5 (two locations)
- Distance between mounting holes: 115
- Distance from left end to first mounting hole: 230
- Distance between mounting holes: 153
- Distance from second mounting hole to center of rear flange: 235
- Distance from center of rear flange to third mounting hole: 242
- Distance from third mounting hole to right end: 160

Front View Dimensions:

- Width: 115
- Height: 330
- Bottom flange thickness: 165
