

A vertical line with seven horizontal tick marks. The segments between the tick marks are labeled A, B, C, D, E, F, and G from top to bottom.

Version standard KT Exe

A technical line drawing of a mechanical component, possibly a valve or actuator. The drawing shows a side view of the device. On the left, there is a circular port with three small circles inside, arranged vertically. The main body of the component is rectangular with various flanges and a handle on top. The handle has a circular grip with a cross-shaped slot. The drawing is a black and white line art, typical of technical manuals.
